New Collections 2026

Compromiso con la autenticidad

Mirar con calma y redescubrir la belleza de lo pausado y lo auténtico. Para nuestras nuevas colecciones de alfombras, nos hemos dejado guiar por materiales naturales, explorando sus texturas, sus matices y nuevas formas de hacer. Cada pieza refleja artesanía y cuidado, un trabajo pausado, atento al ritmo propio de cada fibra, que celebra sus imperfecciones y su singularidad.

Hemos buscado nuevas tonalidades que elevan la riqueza de cada material, acompañando la exploración constante del diseño y la creación. Estas colecciones nacen de la curiosidad, del respeto por lo hecho a mano y del deseo de ofrecer propuestas que, sin prisa, revelan su verdadero valor con el tiempo.

Commitment to authenticity

To pause and rediscover the beauty of the slow and the authentic. For our new rug collections, we have allowed ourselves to be guided by natural materials, exploring their textures, nuances, and new ways of crafting. Each piece reflects craftsmanship and care—a deliberate, attentive work that honors the rhythm of each fiber, celebrating its imperfections and uniqueness.

We have explored new shades that enhance the richness of each material, supporting the ongoing journey of design and creation. These collections are born from curiosity, respect for handmade work, and the desire to offer pieces that, unhurriedly, reveal their true value over time.

Terra

Material: jute and wool
Technique: hand woven
Origin: India
Designed by Cumellas

Weight: 2200gr/m2
Height: 5-7mm
Carbon footprint: 8kg CO2/m2
Production tolerance: $\pm 7\%$

- Color combination from the collection
- Professional wet - cleaning

The dyes used in rug production are artisanal and are made at the moment the order is placed. For this reason, size and tonal variations may be present in the sample. Rugs made with vegetal fibers may show greater variation in dyeing due to the nature of the material. Over time, the color may become more nuanced.
